Please Join SARMAC Today!

The Society for Applied Research in Memory and Cognition (SARMAC) fosters applied research in memory and cognition and promotes communication within and between the applied and basic research communities. SARMAC is small enough that most members know one another, but large enough to have terrific biennial conferences . . . in lovely locations (e.g., New Zealand, Scotland, Vancouver, etc.). Joining SARMAC supports applied research in memory and cognition, and participating in the Society can help you make contacts with other researchers interested in applied issues. SARMAC is a bargain: The annual membership fee for regular members is $75 US, including a one-year subscription to the Society's official journal, *Applied Cognitive Psychology*. You're holding a copy of the journal right now, so you know it's an excellent outlet for first-rate research on applied aspects of memory and cognition. Members also receive a one-year subscription to *Cognitive Technology*, distributed electronically. Students can join for a mere $10 US excluding journals.

To join SARMAC and/or to learn more about it, please visit **www.sarmac.org**. You can also request information by writing to Executive Director Michael P. Toglia, Department of Psychology, SUNY Cortland, Cortland, NY, USA 13045.
